

PROPOSAL: Better Water, Better World

A New WWW: Well Water For The World!™

An advertisement for EcoCentre. On the left, a globe is shown with the words 'economical, environmental, electrical' written around it. To the right of the globe is a recycling symbol. The main text reads 'CHANGING THE ENVIRONMENT ONE CAR AT A TIME.' Below this is a paragraph: 'An environmental dealership unlike any other. EcoCentre® is the first national dealership group devoted to electric, hybrid and other ultra-low emission vehicles.' Below that is the heading 'A CHANGING WORLD' and another paragraph: 'The world of cars and trucks is rapidly changing. The global recession has caused both automakers and dealers to rethink many of their products and practices. Consumers are more environmentally conscious than ever. And as the economy recovers, and fuel prices begin rising, everyone from fleet managers to housewives are rethinking what kind of vehicles they want to own and drive. The EcoCentre® Revolution.'

Ending Polluted WATER in 2 Steps: Immediate Portable Filters and Improving Health Maintenance!

PROPOSAL: Better Water, Better World

The [video below](#) created by ABC4All Mentor Dr. Wilfried Fink (deceased) and presented in his honor is consistent with the fact that we are creating Better Water for a Better World. We leave behind the endless confrontations and presentations of the sorry state of affairs for those accessing only polluted water that causes illness and even death. Instead we are moving "From the Dark to Hope." We are, indeed, creating a New Frontier: A Better Community For All (ABC4All)! We end the drinking of polluted water in the short term while working towards improving health maintenance in the long term.

PRESENTATION by The Foundation of A Better Community for All (FABC): Founder, Burton Danet, Ph.D. shares ABC4All's MANDATED ACTION for What The World Needs Now: The FOREVER Campaign for Global Humanitarian Relief (FCGHR). EVERY DAY is Global Humanitarian Relief Day (GHRD)! <http://ghrd.abc4all.net>

INITIAL FOCUS: SAVE LIVES IN HAITI with [A New WWW: Well Water For The World!](#)

PLAN: Bring advanced technologies to Haiti and conduct pilot studies that will document "improving health maintenance" and arresting unnecessary deaths from cholera, a preventable health challenge. COUNT UP LIVES SAVED!

PILOT STUDIES: Then duplicate the pilot studies in multiple locations (clinics) in Haiti. NOTE: The advanced technology for water will be provided FREE.

FUNDRAISING: Funding raised will be used to defer expenses and will include DOUBLING of all orders for nanotechnology able to eliminate cholera from www.LifeFilta.com.

ABOUT ABC4All: A Better Community For All (ABC4All) is a virtual grassroots organization operating without expenses or funding with the participation of many volunteers and ABC4All Mentors presently in 121 countries. Yet ABC4All has been able to engender cooperation among individuals, groups, companies, NGOs, nonprofits which has resulted in the implementation of the Legacy of ABC4All: <http://loa.abc4all.net>

RESULT: Included is matching/doubling all contributions and orders for Life-Saving products from www.LifeFilta.com thereby providing an example of fulfilling the Mission of ABC4All: Maximizing Charitable Contributions On and Off The Internet™

SPREAD THE WORD: The world's population can be aware that advanced technologies for water exists that can save lives. As people learn about these technology, their support for facilitating what is necessary will be life-saving actions, so that those that do cooperate will have engaged in Mandated Action for What The World Needs Now: <http://abc4all.net/wtwnn.htm>.

We encourage the lending of support to facilitate what is needed in any community in the world to "improve health maintenance" of local citizens and potentially save lives but starting with the Country of Haiti! Doing so will make available such potentially life-saving technology to the world effectively contributing to better lives. As people all over the world offer their support, more people will benefit. http://is.gd/New_WWW_WellWater4World
